

# QUARTERLY REPORT JAN-MAR 2022

*Upstate California Film Commission*

# A MESSAGE FROM THE FILM COMMISSIONER

We are happy to share that the film industry's contribution to our local economy has already outperformed every year on record with more than \$2 million in local economic impact estimated in the first quarter - and 2022 has only just begun.

Thanks to local media coverage and an incredible community response this quarter we were able to add more than 800 locals to our database for crew, cast, and background actors. Let me say that again...800!! That's amazing!

We are grateful to the productions for choosing our area and to our community for working together to provide a great experience for those filming in our region.

We have some wonderful things in store for 2022 and are excited to do our part to bring opportunities that help to employ, educate, equip, and encourage individuals in our community.

With gratitude,

*Sabrina Jurisich*

Shasta and Tehama County Film Commissioner

## MISSION AND VISION

The Upstate California Film Commission serves as the primary marketing entity between our region and the film industry. The goal of the film commission is to increase positive economic impact from this sector to benefit our community as a whole.

## SPECIAL THANKS TO OUR SUPPORTERS

# REPORTABLE METRICS

The film office is reporting the following metrics for this quarter: number of inquiries, scouts, shoot days, productions, room nights, locals hired, permits issued; type of productions filming; and economic impacts.

*\*In accordance with our affiliation with California Film Commission and Film Liaisons in California Statewide (FLICS), and as a standard of good Film Office procedure, we are commonly obligated to conform to privacy laws and to keep filming information provided by filmmakers, producers, and location managers private. The relationship of trust built with filming organizations encourages an open dialogue which allows us to be more capable of offering services to them, enticing them to bring their projects to us.*

## KEY METRICS FOR QUARTER 2

**Hosted Scouts:** We hosted three scouts for commercial and feature film projects.

**Hosted productions:** While The Dresden Sun made news, it was only one of **fourteen productions** hosted this quarter. Other projects included 2 documentaries, 3 features, 2 commercials, 2 shorts, 3 student films, a still shoot, and two music videos. Support included assisting productions with locations, permits, local cast and crew referrals, and lodging assistance. We are reporting **68 shoot days, 24 permits submitted, 19 permits issued, 1,120 room nights, 140 local hires** and an estimated **economic impact at \$2,212,250.**

**Inquiries:** In addition to the hosted productions, this quarter the film office responded to and followed up on **18 inquiries** for commercials (8), television series (4), studio and independent films (5), and music videos (1). Three are pending further location scouting and potential incentive funding and six are scheduled to film in 2023.

**Upcoming productions:** We currently have **14 pending projects** on schedule for 2022 and **one** for 2023. They include music videos, independent feature films, and commercials.

**Filmmaker database:** To our local resource list we added over 800 local resources including cast, crew, and locations to our database.
